## PAMPHLETS

No.

- 219 Shulamit Manulis, I. Ishaaya and A. S. Perry (1980)  
Acetylcholinesterase of Aphis citricola as a biochemical parameter for evaluating systemic organophosphorus and carbamate toxicity. (69 pp. in Hebrew + 3 pp. English summary)
- 220 M. Bazeleth, Sala Feigenbaum and A. Bar-Akiva (1980)  
Potassium fertilization experiment in a Shamouti orange grove. (23 pp. in Hebrew + 3 pp. English summary)
- 221 A. Feigin, B. Sagiv, S. Berkovitch, B. Sternbaum and M. Ohayon (1980)  
The response of sweet corn (cv. Jubilee) to soil fertility, manure and nitrogen fertilization. (35 pp. in Hebrew + 4 pp. English summary)
- 222 E. Pressman and M. Negbi (1980)  
Comparative physiology of wild and cultivated varieties of Apium graveolens L. with special reference to flowering. (116 pp. in Hebrew + 4 pp. English summary)

## PRELIMINARY REPORTS

No.

- 781 B. Sagiv, B. Bar-Yosef, E. Pressman and B. Aloni (1979)  
Effects of water stress and of N, P, K concentrations in the nutrient solution, on the yield and petiole pithiness of celery (Apium graveolens L.). (31 pp. in Hebrew + 22 pp. English summary)
- 782 Rivka Barkai-Golan and Y. Fuchs (1980)  
Research on postharvest diseases of tomato  
A. Survey of the organisms causing rot of stored tomato fruit.  
Rivka Barkai-Golan and E. Kopelioyitch (1980)  
B. Storage diseases of rin and nor tomato mutants and their hybrids. (10 pp. in Hebrew + 1 p. English summary)
- 783 L. Shanan, Y. Morin, M. Cohen and D. Rosenzweig (1980)  
Harvesting rainfall in areas with sandy soils, using a buried plastic membrane : Progress Report No. I (35 pp. in English)
- 784 Z. Ben-Herut and K. Abu-Alrub (1980)  
Wheat experiments in semi-arid areas. (31 pp. in Hebrew, with summaries in Arabic (3 pp.) and English (2 pp.).
- 785 (Hebrew only).
- 786 Not published.
- 787 D. E. Tsurieil, J. Milstein and R. Soroya (1980)  
Activities of the Sand Drift Control Experiment Station, Qiryat Hayyim (1979/80). (22 pp. in Hebrew + 2 pp. English summary)
- 788 Hannah Safran (1980)  
Prevention of rind blemishes of citrus fruit caused by air pollution in the Ashdod area. (9 pp. in Hebrew + 1 p. English summary)

- 789 Naomi Temkin-Gorodeiski, U. Zisman, Shosana Grinberg,  
Azica Copel and A. Daos (1980)  
The influence of different factors on the quality  
of peppers in storage. (21 pp. in Hebrew + 1 p.  
English summary)

## SPECIAL PUBLICATIONS

No.

- 151 Report of the Onion Crop Committee (1980)  
Descriptors and states for characterization of  
onion (Allium cepa L.) germ plasm resources. (16 pp.  
in English + 14 pp. in Hebrew)
- 152 D. Rimon (1980)  
Effect of total irrigation quantity and of time of  
first irrigation on cotton yields. (34 pp. in  
Hebrew + 3 pp. English summary)
- 153 A. Lisai and D. Rimon (1980)  
The effect of winter wheat for silage on the devel-  
opment and yields of cotton grown in a double-crop  
system. (14 pp. in Hebrew + 2 pp. English summary)
- 154 D. Rimon, Z. Dor, Z. Magal and D. Paciuk (1980)  
Irrigation of cotton with brackish water. (16 pp.  
in Hebrew + 3 pp. English summary)
- 155 I. Harlem and D. Rimon (1980)  
Effect of nitrogen and iron top dressings on the  
development and yield of cotton grown in shallow  
soil. (11 pp. in Hebrew + 2 pp. English summary)
- 156 Y. Bar-Peled and D. Rimon (1980)  
A comparison of the effect of drip and sprinkle  
irrigation on cotton yield. (17 pp. in Hebrew +  
2 pp. English summary)
- 157 Research on spice crops carried out in 1976-1979.  
(22 pp. in English + 34 pp. in Hebrew)
- 158 N. Aviram and D. Rimon (1980)  
Effect of cumulative flower removal on the devel-  
opment and yield of cotton plants. (19 pp. in  
Hebrew + 2 pp. English summary)

- 159 A. Bahat, D. Rimon, M. Sne, H. Linchevsky and E. Vered (1980)  
Effects of irrigation water quantity and fertilization level on peanut yields. (34 pp. in Hebrew + 3 pp. English summary)
- 160 R. Hochberg, Blanca Nessim and D. Rimon (1980)  
The use of infrared aerial photography as an aid in determining the appropriate dates for defoliation and picking of cotton. (11 pp. in English)
- 161 Shoshana Kahn and D. Rimon (1980)  
Effect of mepiquat chloride and gibberellin on field-grown cotton plants. (18 pp. in Hebrew + 2 pp. English summary)
- 162 Irena Rylski and Hefzi-Bah Abraham (1980)  
Yield regulation in tomatoes grown in greenhouses. (9 pp. in Hebrew + 1 p. English summary)
- 163 Irena Rylski and Hefzi-Bah Abraham (1980)  
Flowering and fruit development in three tomato cultivars under suboptimal temperature conditions. (16 pp. in Hebrew + 1 p. English summary)
- 164 J. Kagan, Z. Ben-Herut and K. Abu-Alrub (1980)  
Wheat barley and triticale cultivar trials in Judea and Samaria (1978/79). (26 pp. in Hebrew + 2 pp. Arabic + 1 p. English summary)
- 165 D. Rimon and Y. Galili (1980)  
The effect of glyphosate added to "Mg-18" and to "DEF" on cotton defoliation and leaf renewal. (11 pp. in Hebrew + 2 pp. English summary)
- 166 D. Rimon (1980)  
Salinity damage in cotton. (52 pp. in Hebrew + 3 pp. English summary)
- 167 D. Rimon, Z. Dor and Helena Feldhay (1980)  
Yield and quality traits of sugar beet varieties (1978/79). (11 pp. in Hebrew + 1 p. English summary)

- 168 D. Rymon, I. Spharim and M. Zohar (1980)  
Forecasted scenario of the dairy industry: The change of governmental policy and its implications on the branch for the immediate future. (26 pp. in Hebrew + 1 p. English summary)
- 169 A. Goldman, Y. Yaniv, Y. Zur and M. Baruch (1980)  
Computerized calculations for forage crops. First set: Crops for fresh cutting (9.III.80 prices) (37 pp. in Hebrew + 1 p. English summary)
- 170 A. Goldman and A. Genizi (1980)  
A comparison of two sets of data on the energy values of feed for cattle. (32 pp. in English + 1 p. Hebrew summary)
- 171 J. Halperin (1980)  
Forest and shade tree entomology in Israel: Annual reports for 1958-1975 of the Entomology Laboratory, Ilanot. (180 pp. in Hebrew + 20 pp. English summary)
- 172 A. Amir, E. Kramer and A. Bar-Akiva (1980)  
Fertilizer trial (1971-1978) in a 'Marsh Seedless' grapefruit orchard in the western Yizre'el Valley. (17 pp. in Hebrew + 1 p. English summary)
- 173 Z. Dor, S. Abramski, J. Dag, J. Wallerstein, B. Karadavid, J. Schchori and A. Bar-Zur (1980)  
Regional variety trials in irrigated cotton, 1979. (17 pp. in Hebrew + 1 p. English summary)
- 174 U. Kafkafi (1980)  
The Southern Project: Activities and achievements of research and development, April 1977-March 1980. (33 pp. in Hebrew + 1 p. English summary)
- 175 H. Goot, Warren C. Foote, E. Eyal and Y. Folman (1980)  
Crossbreeding to increase meat production of the native Awassi sheep. (120 pp. in English + 2 pp. Hebrew summary)

- 176 R. Steinhardt, Y. Benjamini, A. Ganani, S. Dasberg, J. Maliach, A. Nadler, D. Rosenzweig and M. Rosner (1980)  
The effects of subsurface drainage, compaction and irrigation on the soil-water-air relationships of a grumusol in a cotton field. (46 pp. in Hebrew + 3 pp. English summary)
- 177 A. Goldman, J. Goldovski, Y. Zur, A. Ben-Asher, M. Baruch and Y. Dag (1980)  
Computerized calculations for feeds and cash crops. Second set: Fresh cut, silage and hay crops, and purchased feeds (15.VI.80 prices). (66 pp. in Hebrew + 1 p. English summary)
- 178 Y. Alper et al. (1980)  
Combine-harvested fresh-market tomatoes in the southern Arava region of Israel; Report for the 1979/80 season (43 pp. in Hebrew + 3 pp. English Summary).
- 179 B. Sagiv, B. Bar-Josef and E. Eliah (1980)  
Trickle irrigation and fertilization of spring muskmelons at the Besor Experiment Station. (53 pp. in Hebrew + 2 pp. English summary)
